MICROBLADING

Microblading is fantastic for anyone looking to improve or enhance the appearance of their eyebrows. Pigment is placed under the epidermis with a specially designed blade to create natural looking hair strokes. The semi-permanent finish is perfect for anyone looking to restore sparse or missing hairs.

Consultation and 2 sessions..... £295

1st Session - 90 minutes

2nd Session - 60 minutes (between 4 and 12 weeks after 1st session)

Colour Refresh (within 12 months)..... £130

Depending on your skin type (oily skin can make pigment drop quicker), we would expect your colour to be at its best for 10 - 12 months. Please note: after 2 years of no treatments - we would have to repeat the 2 sessions again.

Microblading is not suitable if you are pregnant or lactating.
